SUMMARY I

In this lesson we discussed:

- **The relationship of off-duty recreational accidents to other losses.**
- **Top sources of off-duty killers.**
- **The role of alcohol in off-duty fatalities.**
- **Top sources of off-duty injuries.**
- **And Hazards in and around the home.**

SUMMARY I I

We examined ways to reduce off-duty deaths and injury through:

- The application of Navy Core Values in reducing the human errors associated with mishaps.**
- The application of recreational and off-duty safety procedures.**
- Increased hazard awareness.**
- And application of risk management techniques.**
